

a new concept, new design, new benefits

Kinetic BUSINESS MACHINE MOUNTS

- Stop costly floor mutilation
- Stop transmission of noise, shock and vibration
- Stop machine "creep"

YOU GET THESE ADVANTAGES, TOO:

Surrounding offices are no longer disturbed by vibration, shock and noise waves transmitted through floors, walls, and ceilings.

Quiet operation made possible by Kinetic mounts provides a better working environment, increases staff efficiency, reduces worker fatigue.

High maintenance costs of replacing floor tile due to concentrated load of casters and machine legs is eliminated.

WHY KINETIC MOUNTS ABSORB VIBRATION:

Unlike ordinary caster cups, Kinetic business machine mounts contain a highly efficient isolation material.

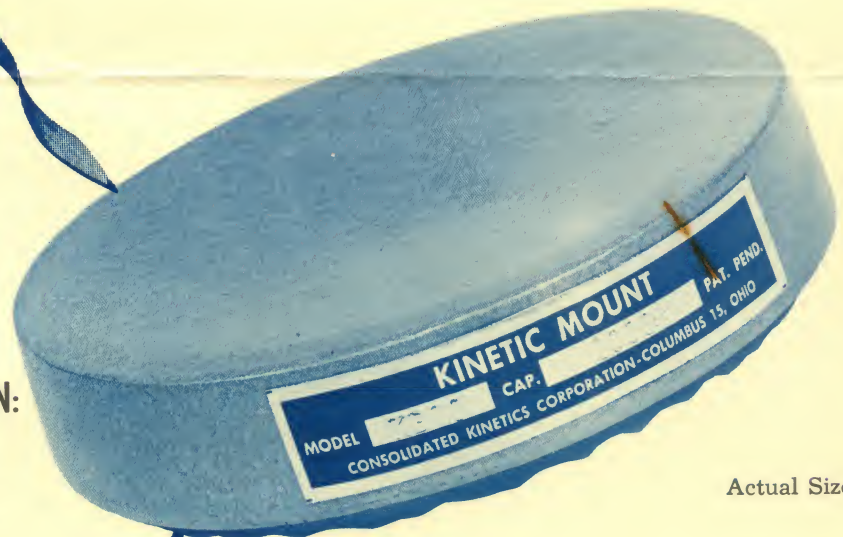

Vibration, noise and shock from the machine are absorbed and isolated from the floor structure.

USE KINETIC MOUNTS FOR:

accounting machines
data processing machines
card punch machines
duplicating machines
precision instruments
postage machines
folding machines
printing machinery

magnetic tape machines
punched card readers
electronic equipment
check cancelling machines
addressing machines
magnetic drum machines
punched card recorders
computers

Bottom view of mount, shows 124 individual suction cups that provide positive grip to prevent machine from "creeping" out of position.

Actual Size

Load Range per set of four
Kinetic Mounts: 150 to 4000 lbs.

PRICE PER SET OF 4 MOUNTS: \$15.00
(Shipping Weight 2¾ lbs.)

KINETIC MOUNTS ACCOMMODATE:

CASTERS

FLAT SURFACES

CONSOLIDATED *Kinetics* CORPORATION

401 DUBLIN AVE. • COLUMBUS, OHIO 43215
AREA CODE 614 • TELEPHONE 228-2956

Thank you for your inquiry relative to Kinetic Business Machine Mounts.

Product literature is enclosed describing the manner in which Kinetic Business Machine Mounts:

Stop costly floor mutilation resulting from the concentrated load of caster treads.

Keep machines from creeping out of position.

Stop transmission of noise, shock, and vibration from tabulating, card punch, accounting, and other types of vibration and noise generating machines.

Isolate floor vibration from precision electronic machines such as computers and magnetic tape machines.

Kinetic Business Machine Mounts will last longer than the life of the machine and are \$15.00 per set of four (4), F.O.B. Columbus, Ohio. Terms are 2% 10 days, net 30 days. Shipment can be made within one (1) week after receipt of your order.

We invite you to see for yourself the difference Kinetic Business Machine Mounts can make in improved operation and working environment.
